

KANSAS CITY PARKS AND RECREATION VENDING POLICY 4.7.08

REVISED April 7, 2008

The Director of Parks and Recreation is authorized to establish rules, regulations and fee schedules for vending permits in City Parks pursuant to, and not inconsistent with, ordinance No. 060056. Vending permits will be at fixed locations designated by the Parks and Recreation Department.

All applications will be reviewed by the Parks Director or authorized designee. Park vending permits will be granted to those applicants who best meet the needs of the public that the Parks and Recreation Department is trying to serve at locations deemed appropriate by the Parks and Recreation Director. It is strongly recommended that an applicant obtain a preliminary park vending permit approval before purchasing vending equipment or City licenses, because only a limited number of park vending permits will be issued.

HEALTHY VENDING GUIDELINES & REQUIREMENTS

To increase access to healthier food and beverage alternatives in our parks, the Kansas City Parks and Recreation Department encourages vendors to implement the following food and beverage guidelines.

Healthy vending will fall into two categories: "Healthier" and "Healthiest." Inclusion in one of these categories will depend upon the percentage of healthy items for sale.

"Healthier" Food Vendors – Vendors in this category will be required to have 50% of items for sale that adhere to the nutrition guidelines below. "Healthier" food vendors will receive a 50% reduction in the cost of a Parks and Recreation Vending Permit.

"Healthiest" Food Vendors – Vendors in this category will be required to have 75% of items for sale that adhere to the nutrition guidelines below. "Healthiest" food vendors will receive a "roaming" Parks and Recreation Vending Permit for \$500. "Roaming" permits allow vending in three parks, based on availability, with one permit. "Roaming" permits do not guarantee exclusive rights to any one park.

A suggested list of healthier food/beverage items is attached at the end of this policy. Guidelines for the healthier alternatives are as follows:

Food Nutrition Guidelines*

- 5 grams of Total Fat or fewer per serving (not including nuts and seeds).
- 30 grams of Carbohydrates or fewer per serving (Candy is not considered to be healthy; fruit in any form is permitted, regardless of carbohydrate count).

Foods such as non-fat or low-fat hotdogs or similar items may be considered a healthier alternative to regular hotdogs or similar items.

Beverage Nutrition Guidelines*

- Beverages that contain 50 percent fruit or vegetable juice with no added sweeteners.
 - Water – Pure or vitamin enhanced.
 - Milk – Lowfat (1%) or Nonfat preferred, any flavor
 - Low-Calorie Beverage – <50 calories per 12 oz. serving
- Nutrition guidelines meet with approval of the Kansas City, Missouri, Health Department

Mandatory Pricing Standards

Food/Beverages meeting the nutrition guidelines must be sold at a price that is not more than 10% over the price of similar food/beverages that do not meet these nutrition guidelines.

Oversight

Healthier vendors will be routinely monitored by Parks and Recreation to assure full compliance of rules and regulations, as well as ensure healthier items for sale are on-hand and meet the nutrition guidelines.

PERMIT REVOCATION

The Parks and Recreation Department reserves the right to revoke a permit:

- Should park vendors fail to abide related City ordinances, and the Parks and Recreation Department policy on vending. No refund will be issued and the permit (decal) will be forfeited by the park vendor.
- In cases where excessive (as determined by Parks and Recreation) litter, grease, and/or other debris results from the vending activity.
- Should the park vendor become involved in misconduct, misbehavior, and/or illegal activity. Examples of this type of behavior might include, but not be limited to, the use of profanity or discriminatory practices.
