

8/6/2020

KC Parks Community Services Patrons –

Please be advised that Kansas City Parks and Recreation Community Centers will be closed from August 9-16, 2020. We had a staff member at Gregg/Klice Community Center and Southeast Community Center test positive for COVID-19 earlier this week.

The Kansas City Health Department has not advised that we close at this time, however, we have taken the proactive step to close all community centers to clean and allow our staff time to take care of themselves. Currently, we have no other staffers or camp attendees who are displaying COVID symptoms.

The health and safety of our staff, campers and patrons is the utmost priority, so we want to communicate this information as it comes to us. With this information, we will be issuing a refund for camp the week of August 10-14, and if you choose to keep your children at home for future weeks. We thank you for your understanding at this time and will share more information as it becomes available. If you have any questions or concerns regarding this situation, please feel free contact me directly.

Thank you,

Jennifer Jutte

Superintendent of Parks – Community Services
