## Available Parks for Vending

Note: The Parks and Recreation Department reserves the right to limit the number of vendors allowed in any one park and the total number of permits issued in any one year. The Department further reserves the right to limit the vending unit size based on park aesthetics and available vending space in each park.

A park vending permit does not grant exclusive use of the area assigned. Special events permitted in adjacent areas are allowed to provide vendors during the course of such an event. Further, the Parks and Recreation Director reserves the right to exclude dates from the vending permit if special event, festival, fair, or parade permits are issued within 300' of the park vending permit location.
